## Report on Engineer's Day Celebration

**Title of the Event:** Engineers' Day Celebration

**Date:** 15 September, 2025

**Venue:** Jaywant College of Engineering and Polytechnic, Killemachindragad

**Organized by:** Institution Innovation Council (IIC) and Mechanical Engineering Department

### Engineer's Day Celebration at JCEP

Engineer's Day 2025 was proudly celebrated at Jaywant College of Engineering & Polytechnic, highlighting the spirit of innovation, creativity, and technical excellence among aspiring engineers. The occasion served as a platform to recognize the contributions of engineers and to inspire students toward innovative thinking and problem-solving.

As part of the Engineer's Day celebrations, the Mechanical Engineering Department, in association with the Mechanical Engineering Students' Association (MESA) and the Institution Innovation Council (IIC), successfully organized a Poster Presentation Competition. The event aimed to encourage students to apply theoretical knowledge to practical applications and to present innovative solutions to real-world engineering challenges.

The program was inaugurated by Mr. Chaitanya Kanse (RTO Inspector, Government of Maharashtra) along with Prof. Dr. A. J. Gujar, Principal, JCEP, in the esteemed presence of all Deans, Heads of Departments, and faculty members. Their presence added significance and motivation to the event. The Poster Presentation was formally inaugurated by Prof. Dr. A. J. Gujar, along with the Deans, HoDs, and staff members, marking an energetic and inspiring beginning to the event.

Students presented posters on diverse topics such as advanced manufacturing, sustainable engineering, automation, and emerging technologies. The participants demonstrated commendable creativity, research aptitude, and technical understanding through well-designed posters and confident presentations. The posters were evaluated by a panel of faculty members based on innovation, clarity of concepts, technical content, and presentation skills.

The event provided an excellent opportunity for students to enhance their communication, teamwork, and critical-thinking abilities. Faculty members actively interacted with participants, offering valuable feedback and guidance. The presence of the chief guest inspired students by emphasizing the importance of innovation, discipline, and ethical responsibility in the engineering profession.

The entire program was successfully organized under the guidance of Dr. A. P. Bhosale, Head of the Mechanical Engineering Department, with the dedicated efforts of faculty members and the enthusiastic participation of students. The event concluded with appreciation for all participants and organizers, making it a memorable and impactful celebration of Engineers' Day 2025, truly reflecting the spirit of engineering excellence and innovation.
